DEDICATED TO PERFECTION

As Darya Klishina leaves the athletics track, the new Seiko dress collection is her companion. When Seiko measured her gold medal long jump at the 2007 World Youth Championships, we knew that Darya was destined for greatness. Today, her passion for perfection is expressed in her Seiko timepiece. With its roman numerals, curved crystal, 5 bar water resistance, and day, date and 24 hour indicators, its looks are as exceptional as its performance. Like Darya, Seiko understands what dedication to perfection can achieve. seikowatches.com
