"Deep Throat is a disgusting film. It's not artistic, even though it was the first feature-length porn movie to be released in theaters. It does have a plot, which is funny. But the long scenes of people having sex were not interesting to me. I watched 20 minutes, and that was enough."

"The first movie I saw in a theater was Raiders of the Lost Ark. My dad picked us all up from school and took us. It was also the first time I was allowed to drink Coca-Cola. The movie terrified me: Everyone burned. But Harrison Ford was just so gorgeous. That and the Coca-Cola made up for my terror."

CLEAR SKIN

The best beauty tips can come from unlikely sources: **"I got eczema on my arms, and my acupuncturist said to put vegetable shortening, like Crisco, on it.** I tried it for a week and the eczema went away. Another time, I had a breakout, so my memaw applied a paste of crushed uncoated aspirin and water. Fifteen minutes later it had shrunk. Swear."

SHORT OF IT

Bright ideas, shorts that show off the season's neon trend and still keep you looking like a lady with vintage details like a scalloped hemline and a flattering flared cut. And, yes, you can wear shorts after sunset—in a monochromatic inspired shift with a tuxedo ru the gives you out on an evening wear all. Quality touches such as jewel-like buttons and puff sleeves rescue a shirt from gypville—it's all yours! Shorts, J.Crew, \$58; Top, Kara Spata New York, \$295; Necklace, \$118; and oversized bangles, \$23 and \$35. Scarf, Geometric bangles, Kenneth Jay Lane, \$120; Belt, Louis, \$48.

BEAUTY NOTE

Take a break from vampy lips: Smooth on Maybelline New York SuperStay 48 HR Lipstick in Ravishing Rouge, \$5, for sunset, flirty kisses.

Pleats are back but with pumped-up **PERSONALITY**. Hot colors and tricked-out tucks let you be sweet and sexy.

KNOW WHEN TO HOLD 'EM

It's the little black dress, rethought for today. The contemporary makeover: Interesting fabrics and modern cuts—check out the playful detail peeking out from the folds. To ensure your \$50's long-sleeved look for cuts that are simple (like the Honey Shuga here) and retro touches like pleats that have staying power. With all these elements, your dress is glam enough for nights out, comfy enough for weekend fun. OK, so you wouldn't wear this to wash your car, but it makes for a fun photo. Dress, \$4,008; and cardigan, \$2,245. Louis Vuitton: Glasses, Dior, \$295; Earrings, Sonja Henie Jewelry, \$25; Watch, Swatch, \$50; Bracelet, Anne Houri, \$290; Shoes, Manolo Blahnik, \$750.

"The first person I remember thinking was beautiful was my mom. She never really wore much makeup, some Clinique powder and a bit of red lipstick. That concept of being natural has stuck with me and my sisters."

BEAUTY TIP "My skin is very sensitive—I get red really quickly—so I wear tinted SPF moisturizer sunscreen every day and I use rose hip oil. It's a lovely gentle oil to put on your face. It's noninflammatory, and it moisturizes as well. I also avoid eating anything too spicy."
