HALLONRÖDA LÄPPAR

KAJSA: ”Höstens vackraste läppnyans är en röd med inslag av rosa. För att lyckas med läppstiftet målar jag alltid med en liten pensel och ser till att ytan är så fin som möjligt. Är läpparna nariga polerar jag lätt med en läppskrubb och smörjer med läpp balsam. Torka av överflödigt fett innan du målar, annars håller inte färgen lika bra.”
