ОТЕЛЬ «К А Л И Ф О Н И Я»

В Лос-Анджелесе и окрестностях причёски и наряды умышленно расслаблены и продуманно небрежны. Вдохновляйтесь и переходите на летнее время.

МОРЕ ВОЛНУЕТСЯ
«Вечно трагична — легкими и непринужденными, словно разбрызганными легким каллиграфическим брызгом, — и должны быть мажорные локоны, — говорит Саша Бройко, международный стилист Weitz и автор укладки для этой съемки. — На влажные волосы нанесите мусс для объема и полностью высушите феном, приподнимая у корней пальцами. Разделите на три части и накрутите с помощью стайлера для выпрямления, начиная с затылка. Попробуйте стайлер, у которого расческа в разных направлениях, чтобы локоны были максимально живыми».
