"The faster I can work, the sooner
I can get to the heart of a story."
— Angus Wall, film editor

SERIES 7 Chronos

In movies and in laptops, slow is simply not an option.

Award-winning editor Angus Wall creates amazing movies from thousands of feet of film. The Samsung Series 7 Chronos with the AMD Radeon™ HD B570M* gives him the speed and seamless performance to conjure up stories much faster on a full HD screen.

PROMOTION

BARRY PEPPER: Constantly pushing the boundary on what's expected, Barry Pepper has become one of the most sought-after talents in Hollywood. Having flaunted his acting prowess in two Academy Award®-winning movies, *Saving Private Ryan* and *The Green Mile*, Pepper hits theaters in coming months with three new releases: *Seven Pounds*, *Princess Ka'iulani*, and *Like Dandelion Dust*.

INDEPENDENT SPIRIT: Pepper dominates the stage in this stylish black double-weave three-button blazer with matching trousers, accessorized with an elegant silk scarf—all by Alex Carleton for Rogues Gallery.

ALEX CARLETON: When most fashion designers open their first stores, they seek out urban markets such as Los Angeles or New York. Not Rogues Gallery designer Alex Carleton. Keeping true to his roots, he opted out of the mainstream to open his first independent retail outpost in the "Old Port" district of Portland, Maine. Inspired by the rugged, picturesque conditions of a sailor's life, Carleton's clothes effortlessly blend outdoor style with high-end fabrics. In doing so, he creates fashions that, similar to Hennessy, have a strong sense of the past while boldly defining the modern age.

HENNESSY PRESENTS
THE INDEPENDENTS

Talented and unpredictable, they resist paths others most frequently travel. Nonconformists by nature, Hennessy salutes their independent spirit.

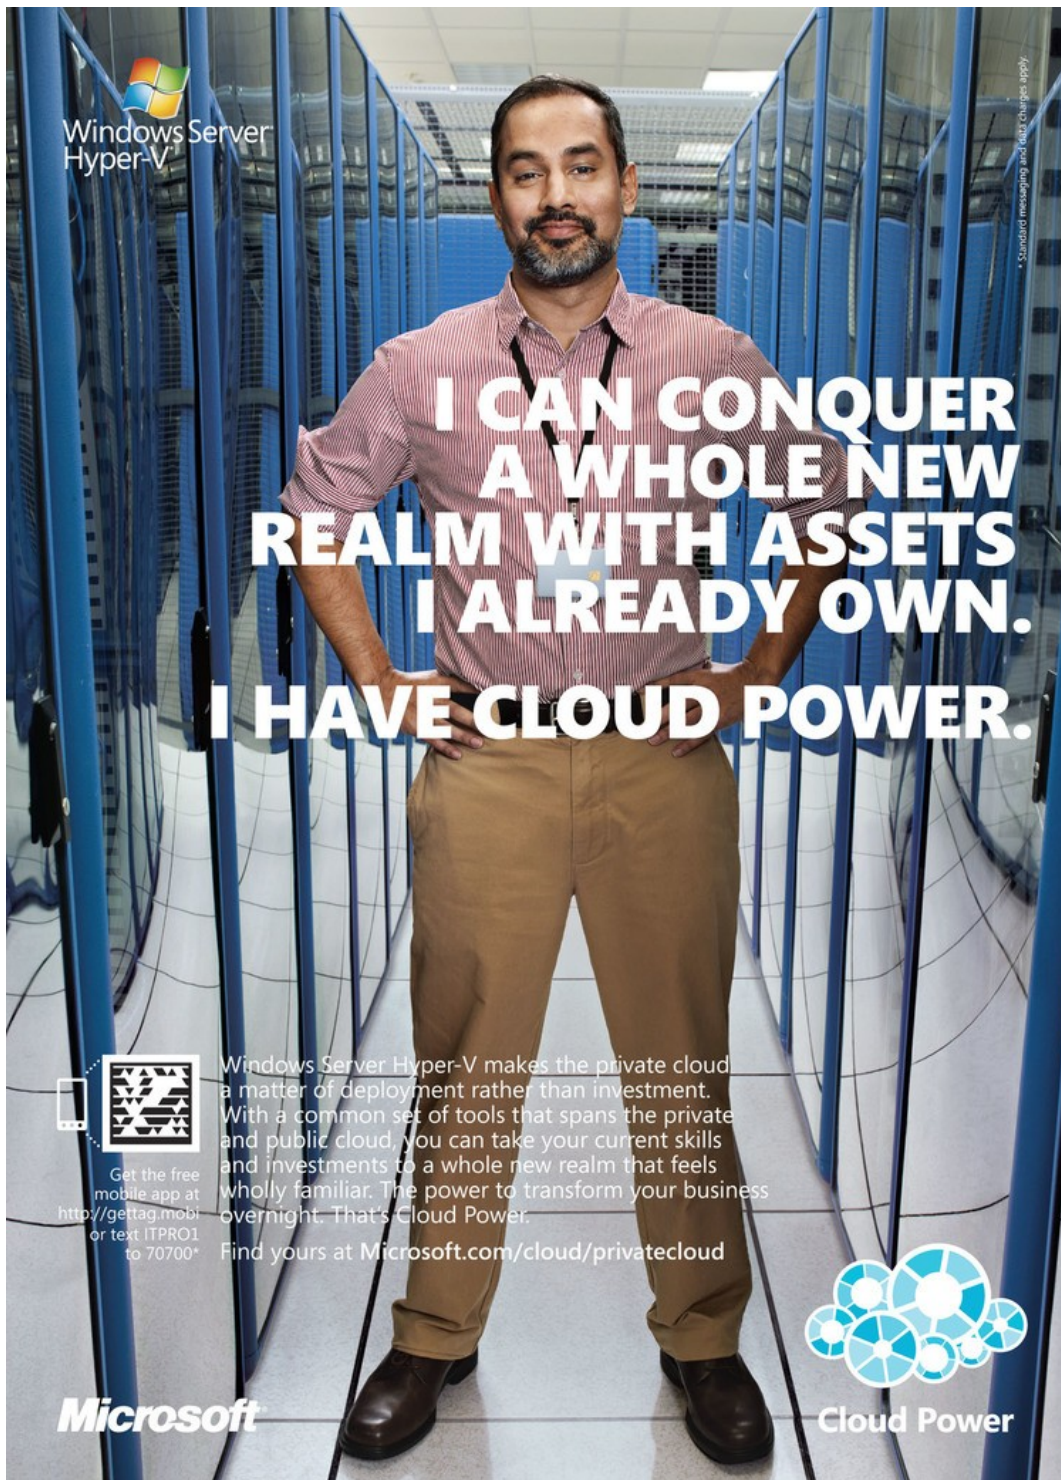

Embodying Hennessy's timeless spirit, Barry Pepper's dramatic style is mirrored by his apparel, created by designer Alex Carleton for Rogues Gallery.

Windows Server Hyper-V makes the private cloud a matter of deployment rather than investment. With a common set of tools that spans the private and public cloud, you can take your current skills and investments to a whole new realm that feels wholly familiar. The power to transform your business overnight. That's Cloud Power.

Windows Azure lets you develop and run applications in the cloud — all from a single platform. This eliminates the need to weave together a patchwork of ad hoc technologies and reduces complexity in the process. Now you can concentrate on business concerns instead of IT minutia. Simplicity. Just one of the many virtues of Cloud Power.

ALL-STAR ACADEMY

IT'S A BATTLE OF THE HOME COOKS.
WHOSE TEAM ARE YOU ON?

The image shows five people in a kitchen setting. On the left, two men in black chef coats and jeans are pulling on a yellow ribbon. In the center, a man in a dark suit and glasses stands with his hands on his hips, looking on. On the right, a woman in a black chef coat and a man in a black chef coat and grey pants are also pulling on the yellow ribbon. The ribbon is taut across the middle of the group. The kitchen has white cabinets and shelves with various kitchen items. The Food Network logo is in the bottom right corner.
