**ZU HAUSE UM DIE WELT**  
Ferienhäuser sind Verreisen und Ankommen zugleich. Giorgio Armani hat dafür seine Home-Kollektion in die Karibik verfrachtet (S. 130). Ein indisches Paar baute am Himalaya einen Bungalow rund um seine Naturleidenschaft (S. 174). Und auch ein Interiorstar tuckert gern übers Meer, wenn ihn Vintage-Möbel begleiten (S. 150).

**JANET'S LIVING ROOM**  
Janet Ruttenberg's apartment features a mix of old-master and contemporary art. For her own painting, *Greenwich*, Janet made a frame with gold-leaf spikes to resemble rays of the sun. The couch is upholstered in nineteenth-century hand-blocked floral linen with the reverse side of the fabric facing out.

## THE RUTTENBERGS' EXQUISITE RABBIT HOLES

FOR YEARS, ARTIST KATHY TRIED AS HARD AS SHE COULD NOT TO BE LIKE HER MOTHER, ARTIST JANET. THEN SHE HAPPILY GAVE UP: "I WANT TO BE JUST LIKE HER."

CHRISTINE PITTEL:  
Where are we?  
Positano? Capri?  
Lake Como?

MICHAEL S. SMITH:  
We're in Laguna Beach, California, but the house has the feeling of all those other places. The architect, Bob White, did a wonderful job of creating this Italianate character in a way that's eccentric and interesting. His design has the simplicity and solidity of an old agrarian building. I wanted to keep that simplicity. >>

Other designers could have looked at the living room walls, made of Santa Barbara sandstone, and thought castle, grand. Michael S. Smith thought primitive, pure. Sofas are slipcovered in Japigora's Chas in Cream; the simple lines echo the shape of the 18th-century Chinese coffee table from Charles Jacobson. Two Italian Baroque armchairs, covered in Morgan Velvet by Michael S. Smith for Jasper, have strong bones, like the house. Floor lamps by Allison Berger. Negresco chandelier by Hélène Aumont. Apple rush matting by Stark.
