## EVAN PETERS

"I'M A HUGE POPCORN GUY—I DON'T CARE WHERE WE ARE AS LONG AS THE POPCORN IS UP TO SNUFF. I COULD WATCH ANYTHING; I COULD WATCH THE BIGGEST PILE OF CRAP AND STILL HAVE A SHIT-EATING GRIN ON MY FACE THE WHOLE TIME AS LONG AS I'M EATING THAT LARGE POPCORN."

— EVAN PETERS

*Actor Evan Peters has spent the last few weeks promoting the upcoming season of American Horror Story. A parade of journalists have each tried their best to get out of him the details of what's to come for this notoriously secretive show, but he's kept mum. Six seasons deep as a central cast member, Evan's a pro at maintaining the surprise element that keeps audiences hooked. He's just left behind one of the more successful blockbusters of the summer season, X-Men: Apocalypse, in which he stole every scene with his witty, light-handed portrayal of Quicksilver (a role he's bound to resume in another year or so). So, what's in the future for Evan? He's not one for spoilers, but we're sure whatever happens, it will be edge-of-your-seat exciting.*
