Riding Stone
ICONIC DENIM • THEN & NOW

Socially charged, grass-roots anthems dreamed up on a quad with lyrics to change the world. Threadbare jeans getting a fresh rip under piercing screams and searing vibrations of an electric guitar. Angst-infused, torn-up grunge meeting indie subculture from underneath a garage door. Music genres are products of their environment — each one a result of the creative setting in which it was created.

For 50 years, Levi's® and Riding Stone have been at the center of it all. Join us as we celebrate the timeless intersection of music and style.

Shop the collection of Levi.com and at select Levi's stores.

Free Love on the Quad

Whether on a college campus or in a park, the quad has been a hot spot for the underground scene. Thriving with the freedom of being yourself in the music, Riot acts from Los Angeles, making waves with the heavy rock of while a raw, breaking, defiant scene was born. At the center of it all are the punk rockers — shaggy hair, bleached hair, bare skin and a dangerous, unapologetic attitude.

Chasing Sunrise

Beneath hot sidewalks and closed storefronts, the underground scene thrives with the freedom of being yourself in the music. Riot acts from Los Angeles, making waves with the heavy rock of while a raw, breaking, defiant scene was born. At the center of it all are the punk rockers — shaggy hair, bleached hair, bare skin and a dangerous, unapologetic attitude.
