BEACH BABE

Best for: Daytime – sunkissed skin that tans easily **Eyes:** A splash of Sahara desert yellow works brilliantly with sunkissed skin. Paul blended yellow (try Mac Eye Shadow in Chrome Yellow, F9) onto the eyelids, with a grey-silver shimmer over the top (Becca Loose Shimmer Powder in Mermaid, E4, is gorgeous) and left the rest of the eye bare. So sexy for the beach **Lips:** Paul used Nars Lip Lacquer in Chelsea Girl, F16.50. 'I love this colour – it looks sexy on everyone,' he says. **Hair:** Side-part your hair and make a French plait on the heavier side along your hairline. The great thing about this style is that it looks even better after a dip in the ocean – because as the salty water dries you get that gorgeous, wispy, beachy look.

For extra sexiness: Use a waterproof mascara to lengthen lashes without smudging

**MICHELLE
GATTON, 37**
"I started with
a half-buzzed
cut two years
ago, and I kept
going with
it because it
made me feel
tough and
confident. I'm
beginning
to go gray, but
it doesn't bother
me. I'm work-
ing toward a
silver-fox status."
