Designed in New York by Bulova

CARAVELLE
NEW YORK

The image features a woman with blonde hair, wearing a grey t-shirt, holding a white coffee cup. She is standing in front of a teal laundry machine. A large, detailed image of a white Caravelle watch with a white dial and a white metal link bracelet is positioned in the foreground on the right. The watch has a white dial with three sub-dials and a date window. The text "CARAVELLE NEW YORK" is visible on the dial. The background shows the control panel of the laundry machine with various buttons and a digital display showing "25".

SONY

Sony recommends Windows Vista® Business

**Don't take the whispers personally.
They're talking about your VAIO®.**

The Sony VAIO TZ with Intel® Centrino® Duo processor technology is hardly a computer for the modest professional. Because to open it up in public, is to invite scrutiny and inevitably a degree of envy. You'll find yourself explaining that despite its slim profile and mere 2.7 lbs*, the Sony VAIO notebook offers an amazing array of features and power. So much for anonymity. Learn more at sony.com/valio.

SONY

Sony recommends Windows Vista® Business

It hurts to know she wants to get her hands on your VAIO®, not you.

With its beautifully designed carbon fiber body and ergonomic raised keyboard, the Sony VAIO T2 may be the world's first professional notebook that's as pleasing to the touch as to the eye. And with integrated wireless wide area network (WAN) technology* that lets you connect virtually anywhere the Sprint® Mobile Broadband network is available, your notebook becomes all the more desirable. Which may become a liability should you want to bring an alluring stranger's attention back around to you.

Visit sony.com/sprint for details on how to receive a complimentary month of Sprint Mobile Broadband service when you activate your account.**
