HELENA
CHRISTENSEN

PHOTOGRAPHED BY JASON MCDONALD IN NY NY YORK

How would you define a strong woman?

Is it about following dreams and daring to break the rules?

A strong woman isn't necessarily strong. Her strength might be that she is honest about her vulnerability and weaknesses. She is, above all, true to herself.

What creative projects are you working on at the moment, work-wise or personal?

I always try to work on projects, whether big or small, that speak to my heart and my curiosity.

Just finished this portrait project, which was so cool and inspiring to do.

Every girl I photographed had something so otherworldly, fierce and poetic about her.

DOROTHEA BARTH
JORGENSEN

PHOTOGRAPHED BY HELENA CHRISTENSEN IN NEW YORK

What are you working on at the moment?

Any creative project going on?

I've been overwhelmed by creative ideas, thinking about projects with other people and projects on my own.

Today I'm working on myself, to catch up with life. I'm focusing on being in the present, which can be a scary place but necessary and all a part of growth.

It's hard to stay away too long though. My work with watercolors is calling me....
