Así es Ali Michael, nuestra TOP de portada

Vegana, aficionada a los videojuegos y a la hípica, se ha convertido en el rostro visible de la lucha para que las «modelos sanas» dominen las pasarelas.

modelos, sino la presión que debían soportar para, como ella, pasar de unos salarios 50 veces a 40 veces 1.750, dejándose la salud en el camino. Michael no tuvo la regla durante un año como consecuencia de un régimen que se reduce a arena con agua para deshidratar, uses en el almuerzo y kebabs de cena.

Die su prometedora carrera por zanjada, pero pronto cayó en la cuenta de que, en realidad, estaba ante la oportunidad de «ayudar a otras personas», lograr que las modelos sanas «quitaran las pasarelas para atraer de nuevo el interés de la gente en la moda», confiesa la periodista Patsy Harrington. En lugar de encerrarse en su hogar texano, Michael habló en los medios del asunto. Y la industria que la despidió en febrero con un abrigado «tus piernas son gorditas» la recibió con los brazos abiertos en mayo. Ha sido portada del número de otoño-invierno de *Vogue* de aquel vigésimo aniversario de la publicación, entre otras, y protagonizó numerosos editoriales. Además, ha diseñado para Yung Jansminko «el único a quien su peso no pareció importar» en la revista temporada otoño-invierno 2008/09 —Philip Lim, Sonia Rykiel o Burberry Prorsum, y puesto cara al perfume *Jeanne Lanvin* de la casa francesa. Le encantan los videojuegos y la hípica, es vegana y entre sus amigas están Meghan Colton y Karle Koss. Informa de ello en su Twitter a sus 6.500 seguidores que, a estas alturas, ya se habían dado cuenta de que las agencias con sede en Nueva York han dado paso al RTTB de Rihanna y Beyoncé o al hip-hop de Frank Ocean, con quien, por cierto, no le importaría casarse. En bromas, claro. Vive con su novio y mejor amigo desde 2004, el guitarrista David Broderick. *Publicado 20/10/2014*

Llega la primera, pero no se enfrenta en el móvil a ninguna al equipo de *VOGUE* sobre su horoscopo. No el signo del zodiaco a secas, no «ella es Tauro», sino el ascendente y la posición de Venus en sus cartas astrales. Descalza a todos con su exhaustivo interés en estas cuestiones, pero pronto baja a la Tierra al dejar sumidos de maro en el suelo. «Voy a Los Angeles y siempre voy ligera de equipaje», explica Ali Michael «Así para la industria de la moda», la top estadounidense conocida por sus citas, sus fotos con Terry Richardson, Paolo Roversi, Marc Sebent o Patrick Demarchelier, y la polémica sobre el peso en la que se vio envuelta en febrero de 2008. La top, de 23 años, pasó de ser una cara fresca «new face» en el argot del mundo en la portada del *W*, retratada por Craig McDean, a poco menos que una apesadumada. En plena Semana de la Moda de París, la decisión con que, según los directores de casting, no era lo suficientemente estilizada como para caminar por la pasarela. Su make, May Ares, lo cortó, y Michael, que entonces contaba con 17 años, protagonizó un sonado artículo en el *Wall Street Journal* que cuestionaba no ya el peso piuma de las
