LISTENING TO CIARA ON THE NEW LG CHOCOLATE TOUCH SOUNDS ALMOST AS AMAZING AS LISTENING TO CIARA HERSELF WHILE ALSO DANCING WITH HER BACKUP DANCERS.

The LG Chocolate Touch with Dolby® Mobile technology. It offers an unbelievable level of clarity for music.

So, is it a phone?  
Or something better?

LG chocolate TOUCH

LG Life's Good

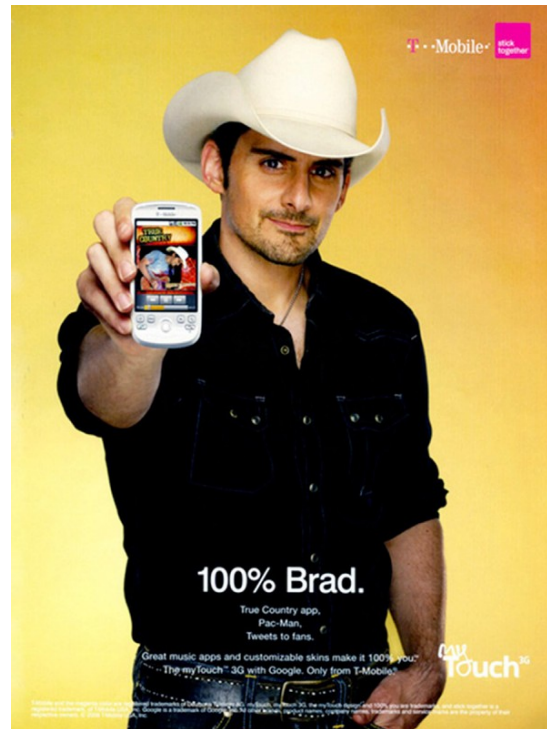

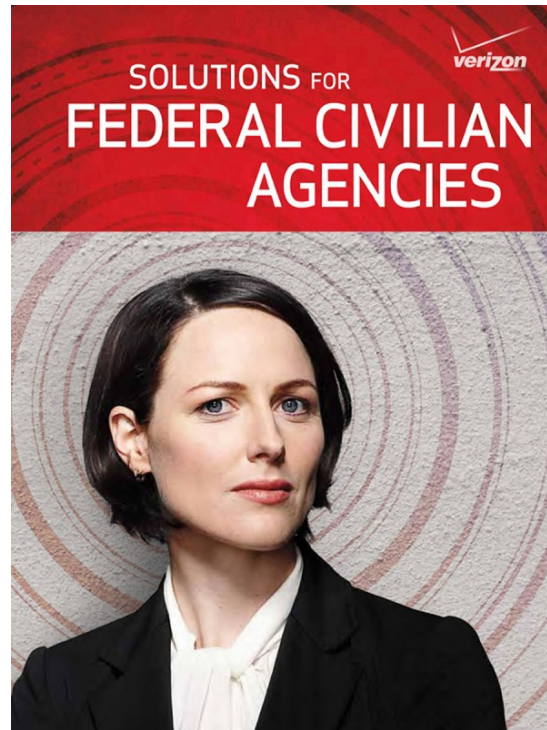

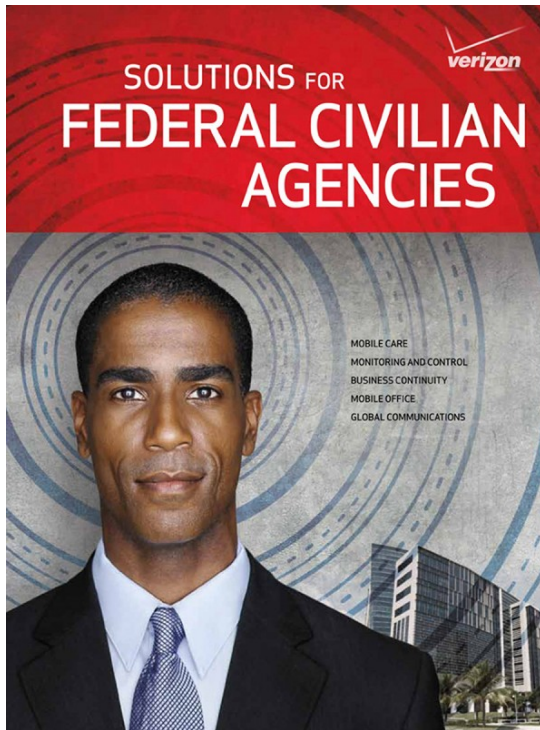

A large LG Chocolate Touch phone is shown on a red and white geometric stand. A group of four people, including Ciara and her backup dancers, are standing on top of the stand, appearing to be dancing. The background is a soft, colorful glow. The LG logo and text are visible on the left side of the advertisement.
