*Farm girl. Neo rusticana d'Irlanda in transito tra animali al pascolo e prati selvaggi. Addosso, lane corpose e panni rigidi ad effetto maniciella, portati su gonne a fiorellini, tartan scozzesi, cappotti sfrangiati e ruches indomite. In un susseguirsi di tweed allo stato brado liberamente interpretato, dalla versione macro alle proporzioni a uovo. Robusto sì, ma decisamente femminile*
