We launched Amour Vert in 2010 with a clear mission—to make beautiful clothes that women love to wear, and to leave the world a better place than we found it. We're working to create a healthier planet for *FUTURE GENERATIONS*, and we're proud to be part of a *COMMUNITY* connected by the same goal. This month, we're excited to introduce *WOMEN WE AMOUR*. They make their voices heard and inspire us to do more. We're looking forward to a better and brighter new year—and we can't wait for you to join us.

**MAKE  
CASSOULET**  
ON A TUESDAY

When you have a KitchenAid® kitchen, you're surrounded by stainless sous chefs. Your refrigerator keeps ingredients fresher longer, your oven and cooktop roast evenly and simmer accurately, and your dishwasher overpowers even the stickiest, sauciest messes. So take out the pork sausage, the pork shoulder, the panetta, the Great Northern beans and last week's duck confit, and take on the French legend whenever inspiration strikes. Because when your ambition and your kitchen have no limits, there's so much more to make.

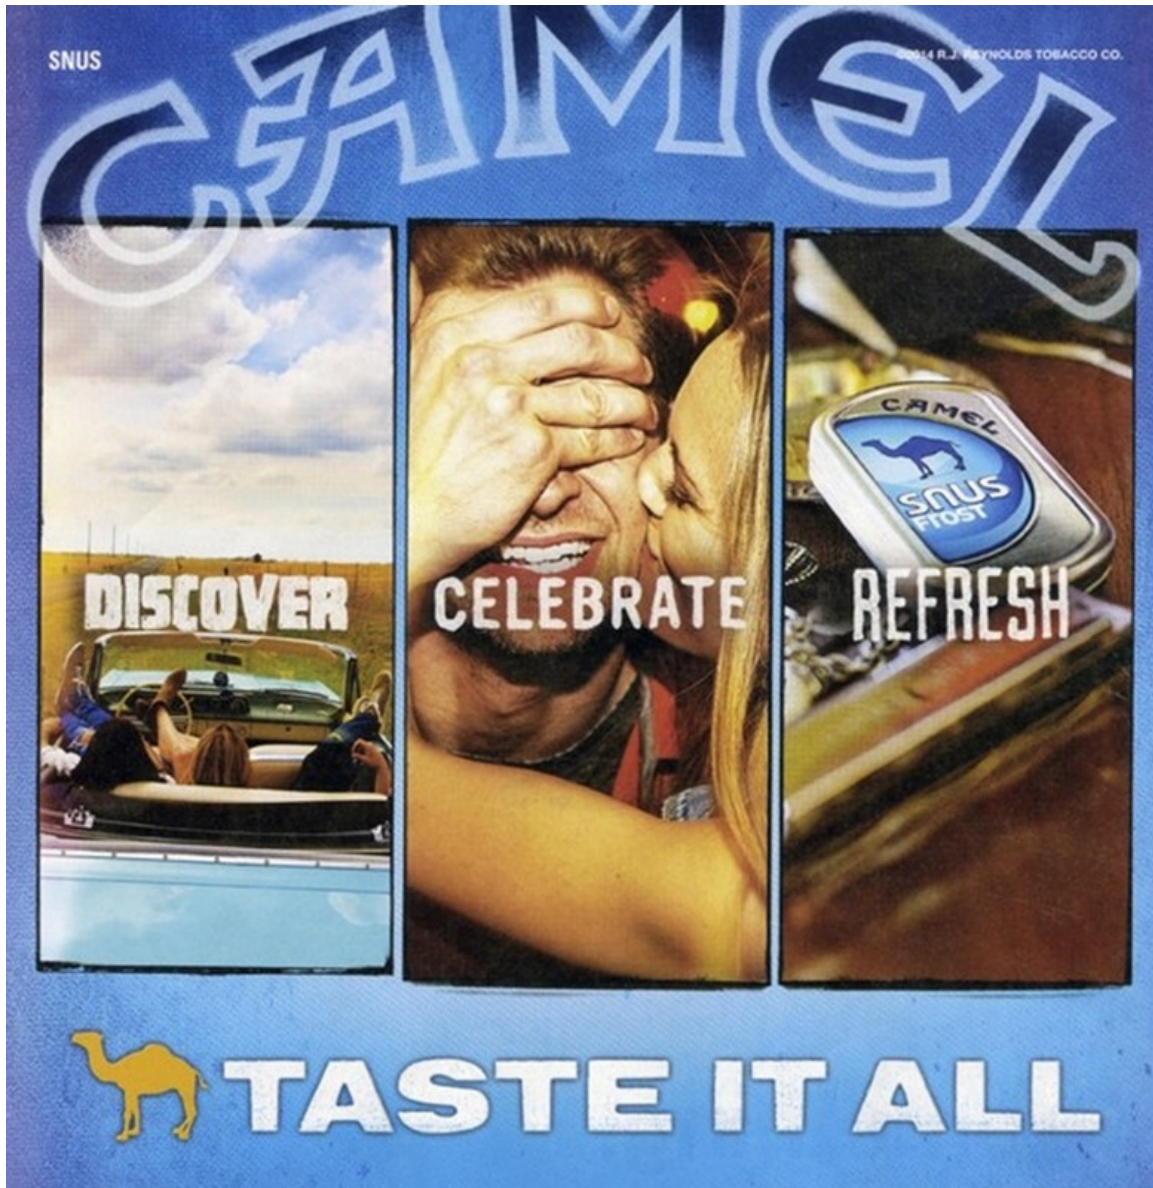

Find more information and culinary inspiration at [kitchenaid.com](http://kitchenaid.com).
