SPRING BRINGS FORTH SENSUALITY AND FERTILITY. WHOEVER SAID ROMANCE IS DEAD?!

SPRING IS THE PERFECT SEASON FOR YOUR BEAUTY GAME. DRAW YOUR INSPIRATION FROM ALL THINGS BOTANICAL, FROM COLORS TO TEXTURES TO FRAGRANCE. GLITTER IS TAKING OVER OUR EYES AND LIPS.

The soft, peachy, smoky eyes and petal-pink lips were the epitome of romance. No more basic bronze, with 2018 comes the "rosy tan." Soft, pinkish, sun-flushed cheeks, created by mixing a little blusher in with your bronzer and buffing over the high points of your face to give your skin a warm, springy feel.

Spring means getting in on the glossy eyelid action and it looks like this trend is officially here to stay, so paint some shine over your everyday eyeshadow to instantly give your makeup an edgy update. 90's is back, and so are the Disco lids. Sprinkles of glitter over the eyelids - go for it, press it onto the lids, blending any excess up to the brow for a graduated sparkle.

Feel free to go glossy because glossy lips are back! Mix all shades of gloss, creating a gradual mix of pinks or purples, with sparkles or not. Make those lips shine! ■

Elle Taylor.
