Get UpLyfted

Natural-looking volume and definition for your cheeks.

Restylane® Lyft is now approved by the FDA for cheek augmentation and the correction of age-related midface contour deficiencies in patients over the age of 21. This is in addition to treating moderate-to-severe facial wrinkles and folds, such as nasolabial folds (smile lines).

A woman with long blonde hair is smiling and looking upwards, with her hair blowing in the wind. The background is a solid purple color.
