Get UpLyfted

Natural-looking volume and definition for your cheeks.

Restylane® Lyft is now approved by the FDA for cheek augmentation and the correction of age-related midface contour deficiencies in patients over the age of 21. This is in addition to treating moderate-to-severe facial wrinkles and folds, such as nasolabial folds (smile lines).

A close-up of a woman with long, wavy blonde hair, smiling and looking slightly to the right. She is wearing a white top. The background is a soft, out-of-focus purple and blue gradient.
