FROM NORWAY *with Love*

COVER STORY

Photography Kate Moore c/o Alyssa Pizer Management
Art Direction, Stylist Emilie Maslow c/o Art Department
Models Silja Danielson & Phil Torres of WME
Hair style, Makeup Heidi Nymark c/o Art Department

Two apparently very distant worlds collided when Silja Danielson, a Norwegian model, and Phil Torres, an American Biologist, met. It almost seems like the beginning of a very romantic fairytale but it is, in fact, real life. This beautiful couple, whose home is in New York, shares various interests and passions such as travelling and sustainability, so much so that they decided to tie the knot in Seattle last September with a conscious ceremony and reception. We had the pleasure to interview them and discover more details about their fascinating love story and sustainable lifestyle.
