КРАСОТА

ВЗЯТИ
МОЖНО
Пер-
вое правило ис-
пользования ярких
красок – это ровный ничем
не перегруженный тон кожи.
Также не стоит забывать, что
выбранная нами фантазийная фор-
ма макияжа глаз может произволь-
но измениться под воздействием
внешних факторов. Во избежание
подобных казусов не забываем о
предварительном нанесении
стойкого праймера, при-
чем как для век, так
и для губ.

О Т Р Я Д Ц В Е Т А
Что касается
губ, то в этом сезо-
не у нас раздолье: мато-
вые текстуры все также не
сдают позиции, но и глянцевые
вновь завоевывают мир. Глав-
ное выбрать оттенок посочнее
и не обязательно стараться
попасть ровню по контуру
— немного небрежности
только прибавит об-
разу озорства.
