SMOKE SIGNAL

Lisa Eldridge

'The smoky eye is a modern-day classic,' says Eldridge. 'This sexy look is strong, simple and graphic, so works well with fancy frocks and chic tailoring. 'It's a gorgeous party look without appearing overly glitzy or girly,' she explains.

STEP 1 'Sweep a deep graphite colour over the lids, pulling it out at the sides. Then, use a lighter shade and a blending brush to buff edges.' Chanel's Les Four Ombres Smoky Eyes palette, £32, contains the perfect shades of metallic greys.

STEP 2 'Line with kohl and dot between the lashes, so you don't see any skin,' says Eldridge. Try No7 Kohl Eye Pencil in Black, £3.99. 'Then curl the lashes and massage the roots with No7 Extreme Length Mascara [£12] and keep brows groomed with a nice brush.'

STEP 3 To stop eyes looking too heavy, Eldridge suggests only applying base where you need it and highlighting cheekbones and the centre of the nose to create a dewy effect. 'Finish with a touch of powder on the T-zone and clear gloss on the lips,' she advises. ▶

CODE RED

François Nars

'Scarlet lips are very chic,' says Nars. 'It's a beautifully sophisticated European night-time look.' For an easier way to wear red, Nars recommends a candy apple texture – a sheer gloss that's translucent but bright – keeping the look fresh with nude eyes and a little shimmer. But be warned: 'Glossy lips rarely stay put and must be reapplied,' he adds.

STEP 1 'Lightly pat a sheer cherry red, like Nars Lip Gloss in Scandal [£17] onto the lips with your fingers,' suggests Nars. 'For effect, dab gloss on the centre of your bottom lip. This will make your pout look shiny without being messy.'

Try Nars Lip Gloss in Supervixen, £17. **STEP 2** 'For neutral eyes, I like sand or chestnut colours,' he says. 'Apply the shadow all the way around the eye.' Nars Single Eyeshadow in Blondie is great for light skin, or New York for dark, £15 each.

STEP 3 'A dab of shimmer on the inside corner or the centre of your eyelid makes eyes sparkle. Go for Nars The Multiple in Copacabana [£27]. Finally, make sure brows are well-groomed,' concludes Nars.
