BEAUTY

Anche quest'anno piacciono
i capelli schiariti dal sole, mossi
da vento e salsedine.
Ma per evitare che le forze della natura lascino
un segno troppo profondo,
è meglio partire «nutrite e idratate»
di MICHELA MOTTA

COLORI FLUIDI
Le labbra saranno in primo piano anche in spiaggia, soprattutto per l'effetto dei nuovi pigmenti liquidi nella formula di Pure Color Envy Liquid Lip Potion di Estée Lauder (€ 29,90).

Si torna a sorridere e questo è il momento della ricarica.
Con il make-up dai toni fluo e vitaminici (giallo e arancio di stagione) e tecniche di «contouring» che esaltano i punti luce.
E poi si condivide tutto: il trucco felice è visibile e contagioso

L'immancabile rosa, la gardenia dolce e carnale,
il gelsomino con la sua scia esotica:
i petali connotano i più femminili dei profumi.
Da scoprire anche tornando sui banchi di scuola

WHAT IS MORE ALLURING THAN A WOMAN WITH A BEAUTIFUL, FULL HEAD OF HAIR? ADD A SWATH OF PUNK-STYLE EYELINER OR DRAMATIC LIPS AND YOU HAVE A HAUNTING COMBINATION. BY JACQUELINE BERTHELOT

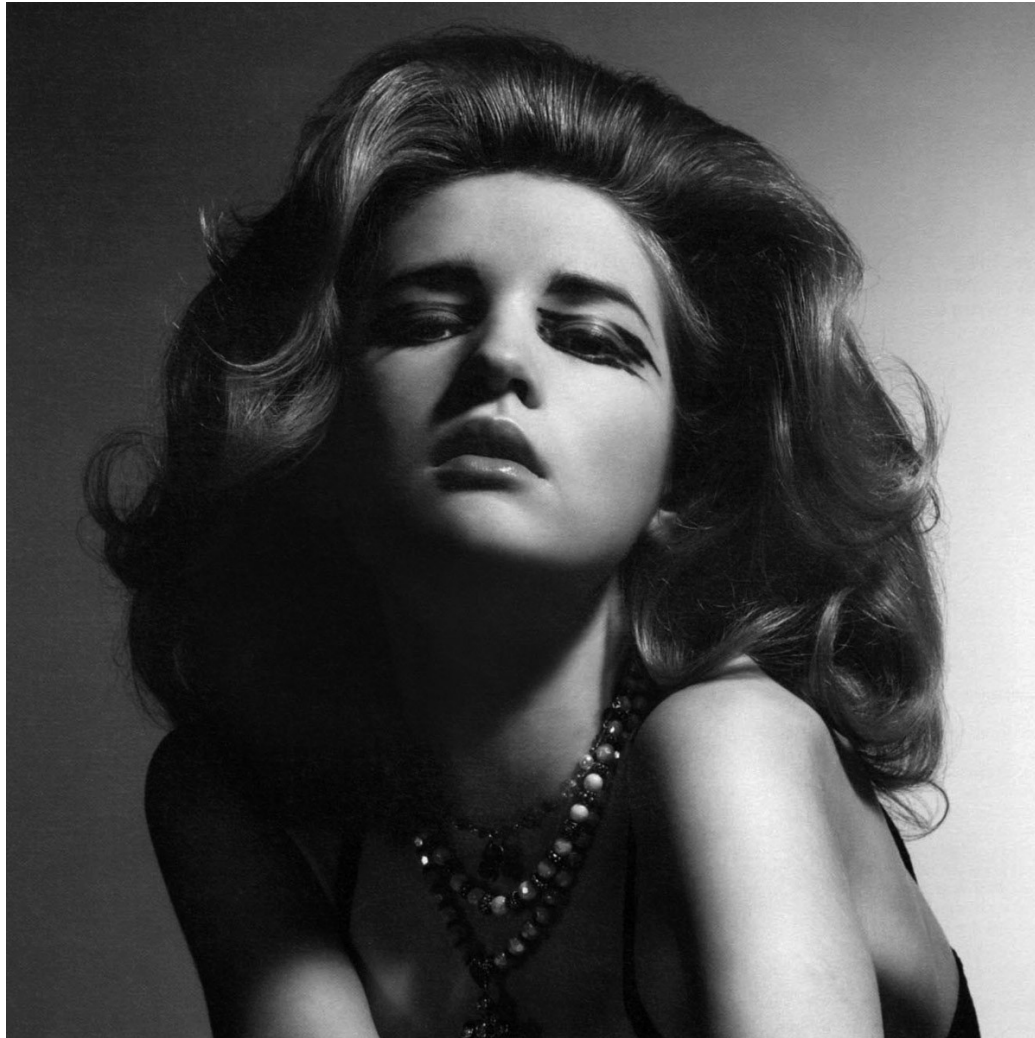

The mystery and drama of Hitchcock-era beauty inspired editorial hairstylist Dennis Lanni to bring back, for a moment at least, the days of hairspray, roller sets and hood dryers. His inspiration? "We were going through a lot of old black-and-white movies and I love the way that hairstylists did hair on the set then," Lanni says. Editorial makeup artist Devra Kinery thought adding punk makeup would make it younger, more modern. According to Lanni and Kinery, this was the perfect combination since the punks in the '70s had '50s hair, teased, bleached out but definitely rolled. These days, adding hair thickening sprays to roller sets allows you keep the hair teasing to a minimum.

Portrait of a Memory

巡り逢う愛の軌跡。

ニコル・キッドマンが気高くも傷つきやすく繊細な女性を演じたヘンリー・ジェームズの小説「ある貴婦人の肖像」。保守的な社会の中、誠実に生きようとする女性の偉い愛の物語を、ニューヨークのプラットを舞台に現代に置き換えた。真実に辿り着いた愛が今、暮る。
