**THE SOLUTION:
ZONED
WARMTH**

**HEAT ZONE TOPS +
POWDER PEAK TIGHTS**

THE BODY IS NOT A UNIFORM HEAT-GENERATOR, SO WE DON'T NEED UNIFORM INSULATION. OUR SOLUTION IS TO TARGET THE AREAS WHERE YOU NEED MORE OR LESS WARMTH AND MAKE SURE YOU GET THE RIGHT MIX. WE INTEGRATED BODY-MAPPED FABRICS FOR ADDED CORE INSULATION AND BREATHABILITY WHERE YOU NEED IT. WE DESIGNED A TOP WITH A LONGER, EXAGGERATED FRONT ZIP FOR MORE VENTILATION. AND WE LISTENED WHEN YOU TOLD US THAT NOT ALL OF YOU LIVE IN THE ARCTIC, SO WE DEVELOPED A LIGHTER-WEIGHT WINTER TRAINING TIGHT.

FEATHERDRY DOWN

YOUR FAVORITE INSULATING PIECE IS DOWN, BUT THE WEATHER REPORT IS CALLING FOR MIST, MAYBE EVEN A LIGHT DRIZZLE. WITH OUR FEATHERDRY DOWN, THERE'S NO NEED TO BREAK OUT THE SYNTHETICS. THE DOWN CLUSTERS FEATURE WATER-REPELLANT TECHNOLOGY AND DRY 5X FASTER THAN REGULAR DOWN IF THEY DO GET WET, SO THEY KEEP THEIR LOFT. IN THE WORLD OF INSULATION, MORE LOFT EQUALS MORE WARMTH. SO OFF YOU GO IN YOUR FAVORITE DOWN JACKET!

The image is a promotional advertisement for Santa Margherita Pinot Grigio wine. It features a romantic couple in a restaurant setting. The woman is holding a glass of white wine and looking at the man, who is smiling back. The background is softly blurred, showing warm lights and a restaurant interior. In the foreground, a bottle of Santa Margherita Pinot Grigio wine is prominently displayed. The bottle has a gold and white label with the brand name and grape variety. The overall mood is intimate and elegant.

**MAKE
CASSOULET**
ON A TUESDAY

When you have a KitchenAid® kitchen, you're surrounded by stainless sous chefs. Your refrigerator keeps ingredients fresher longer, your oven and cooktop roast evenly and simmer accurately, and your dishwasher overpowers even the stickiest, sauciest messes. So take out the pork sausage, the pork shoulder, the panetta, the Great Northern beans and last week's duck confit, and take on the French legend whenever inspiration strikes. Because when your ambition and your kitchen have no limits, there's so much more to make.

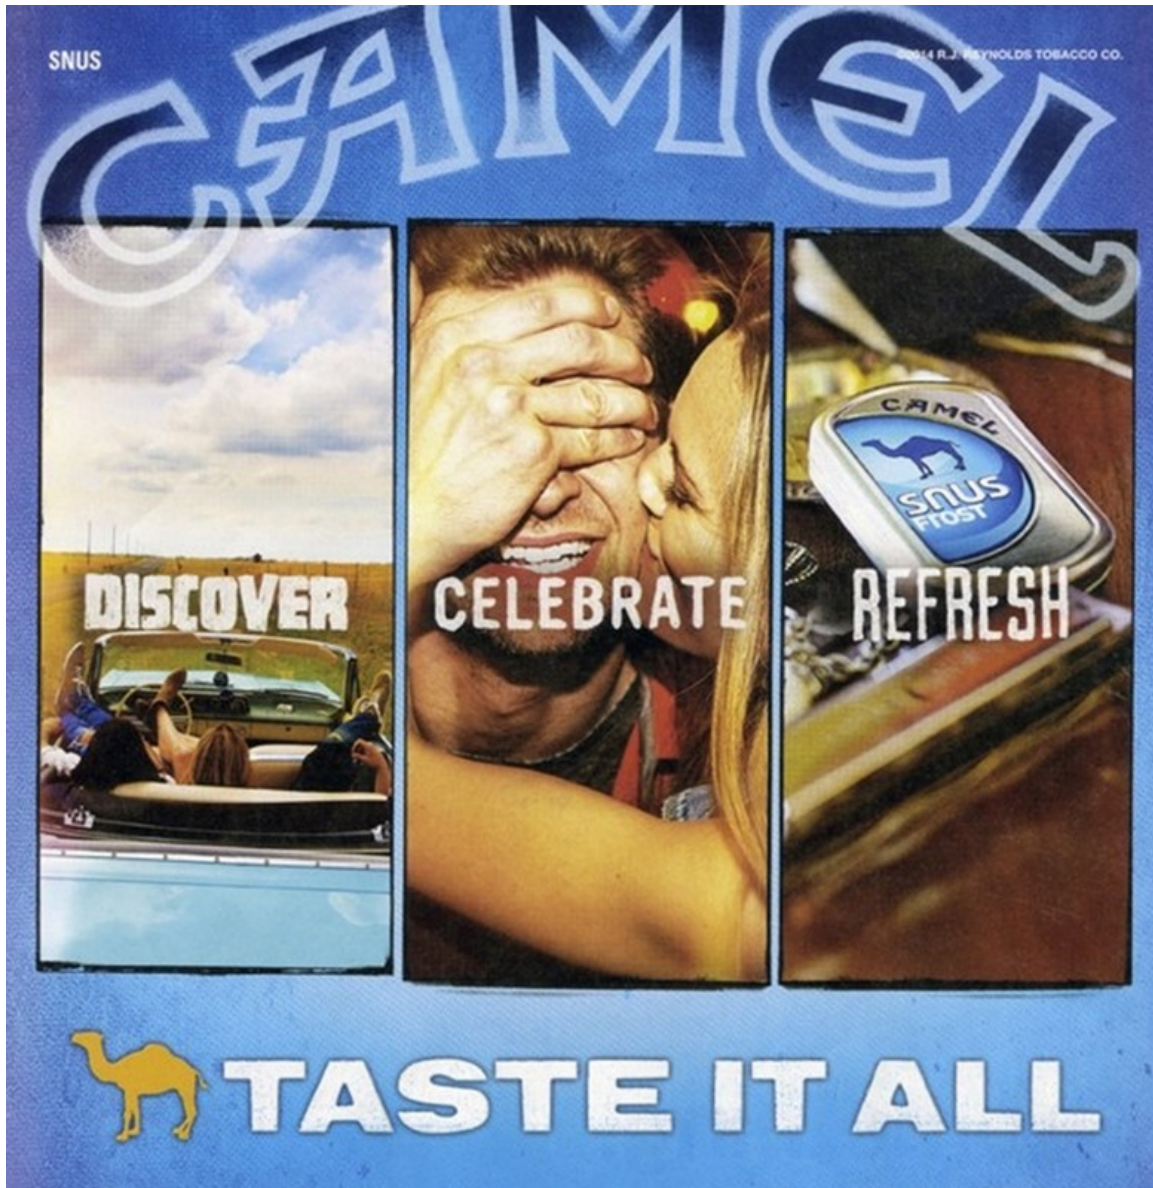

Find more information and culinary inspiration at kitchenaid.com.
