THE NEW NEUTRAL

Making no exception with his Fall/Winter 2019 collection for Louis Vuitton, Virgil Abloh continues to push the boundaries within his mélange of the street and sophisticated style categories. Using a color palette of mostly neutral greys and blacks with bold pops of purples and metallic silvers, he effortlessly and masterfully combines seemingly juxtaposing oversized silhouettes with expert tailoring, creating a palpable sense of contrast in the collection as a whole. The concrete jungle—by day and by night—provides the perfect setting for this very 'New York'-inspired collection.
