HOLIDAY 2016

## First Light

A dark shockwave pulsates through Koral's latest military collection "First Light". Concealing camouflage prints, androgynous silhouettes, and strategically destroyed articles underline the combative nature of the collection. Army green, dark plum, and gunmetal hues layer upon one another adding hints of mesh and pinstripes for a surprise worthy of any premeditated attack. Lurex details are intertwined throughout the collection as a shimmering beacon of light, affirming victory and inevitable celebration. Technology within the fabric is calculated, placed purposefully within pieces designed for maximum performance, durability, and "off-duty" comfort. Smoke eventually clears upon the horizon and Koral's pin-tucked moto leggings and camp coats designed to withstand the elements are all that remain. Signature Muscle Tanks feature burnout holes and raw edges post-battle. Noticeably worn, yet perfectly intact, Koral's military collection redefines uniformity, creating innovative pieces undeniably necessary for any wardrobe arsenal.

An advertisement for Olay Regenerist 3 Point Super Serum. The background is a dark, starry night. A woman with blonde hair, wearing a black sequined dress, is smiling and touching her neck.
