АНТИЧНАЯ ИСТОРИЯ

«Объемная коса вокруг головы – идеальная летняя укладка для обладательниц длинных волос, она гармонично смотрится и на пляже, и на вечеринке, – уверяет Саша Бройер. – Распылите на сухие волосы лак, сделайте низкий боковой пробор и начните плести косу вокруг головы, постепенно вплетая новые пряди. Держитесь максимально близко к линии роста волос. Когда по кругу дойдете до начальной точки, спрячьте кончик и зафиксируйте косу шпильками или невидимками. Пальцами придайте объем прическе».

БОЛЬШЕ ВОЗДУХА

«Хвост-пучок а-ля Брижит Бардо в модном ретростиле одновременно и соблазнительный, и воздушный, — замечает Саша Бройер. — Нанесите спрей или мусс для объема на корни и высушите пряди феном, вытягивая круглой щеткой максимального диаметра. Начешите волосы на макушке и соберите их в высокий хвост. Дополнительно начешите прядь над резинкой и зафиксируйте на макушке, чтобы открыть шею.

fun, and they did, and we shot it. We went to bed late—everything went late out there—and we woke up freezing in the middle of the night. Every two hours, you either fed the woodstove or shivered beneath thin wool blankets.

Morning came, and we drove out to Joshua Tree. The couple craned their necks at alien rock formations while we sorted through racks of cardigans and chinos for them to wear. When we broke for fifteen minutes, they walked out into the desert together, two silhouettes beneath Lorax trees.

It went on. We did our jobs, but it felt much better than usual doing them in the dry air and the warm sun, in a landscape cribbed from a Ray Bradbury story we must have read once. On the way back, we pulled into a truck stop and took photos there, too, and the employees and the customers didn't mind, though some did try to sneak into the shots. We left with Kellogg's and peanut butter, Pringles and strawberry-chocolate syrup, and when we got home we had a pool party that went so late we didn't even notice the cold.

The next morning, we fished empty bottles out of the pool, remembering how Champagne foam shot across the water like a Roman candle. A nice memory, even if it did cause a lot of headaches. We packed up the cars and stood around in the driveway, exchanging handshakes and hugs and the goodwill that grows after you've traveled for a while with the right people.

We started talking about our next trip on the way home. ■
