ДУАЛИЗМ = 2020

В этой цифре-близнеце наступившего года зашифрован свойственный каждому из нас ДУАЛИЗМ. Предлагаем не ждать, какая сторона победит, а дать раскрыться каждой. Например, с помощью гардероба.

Тем более что в текущем сезоне и маскулинные брючные костюмы, и сексуальные мини-платья в любой ситуации работают отлично

HOW KARLIE GOT THIS BOD

DANCE-CARDIO

When she's in NYC, Karlie hits up classes at AKT, which combine high-intensity cardio intervals and body-weight exercise. "By the end of it, you're completely drenched in sweat and it's the most gratifying feeling," she says. (While Karlie's out of town, she streams the workouts from ondemand .studio-akt.com; there are over 2,000 minutes' worth of workouts on the app.)

RUNNING

If she can't make it to a class, "I get my tennis shoes on, put my headphones in, and run a slow five miles," Karlie says. "I'm disciplined because [working out is] the best gift you can give yourself. It's therapy and stress release, and it reminds you to breathe."

REAL FOOD

"I love food that has great natural properties. I eat a lot of fish and vegetables. For breakfast, I love scrambled egg whites or an egg-white omelet with spinach, avocado, and feta."

SKIRT THE ISSUE

A mini? In the snow?! Yep. This one boasts cushy down-fill, so it's essentially a windbreaker for your ass. Compression leggings and double sweaters add insulation without making you look like the abominable snowgirl.

NOW, LET'S SHRED!

When she's not posing, 26-year-old Andressa Fontana is snowboarding. Her tips for tearing it up:

*NAIL THE BASICS FIRST.

"Focus on getting a good stance down instead of trying to go fast right away."

*SECURE YOUR TOES.

"Keeping your big toe anchored to the board helps keep your foot arched, which will improve your balance."

*PREPARE TO FALL.

"You have to learn to not be afraid of it. Invest in wrist guards and padded shorts."

COLD, SCHMOLD

Layering—always clutch. A polyurethane pullover atop a running jacket softens wind gusts but feels remarkably lightweight. Tuck a pair of quilted leggings into colorful socks and fun-kifed boots; the latter have a soft-flex shell so you can turn on a dime.

it's all about your coat

The season's major fashion statement isn't your outfit—it's what you put on over it. Coats have gone bigger and bolder; choose your style and wear every day.

MAKE IT PERSONAL

Everyone's always talking about building "your personal brand" these days (cough, social media). So why not do it on your sleeve...or feet...or head? (Hi again, *WH* hat!)

1/ Clothes and shoes:
At Adidas.com, you can design performance tights with your name scrawled down the side. Nike.com lets you put it on a pair of customized sneaks. So much cooler than rocking some other player's jersey.

2/ Gym bag: Hook MZ Wallace's new personalized charms (mzwallace.com) onto its Metro Tote (six pockets, detachable pouches, water- and stain-resistant) or, really, on any workout bag to add instant pizzazz.

3/ Fitness tracker: Bytten.com tricks out Fitbit Charge with single-initial brass slide charms. Or hit the social media thing hard by emblazoning Apple Watch straps with your Instagram pics; available through Casetify.com.
