seriously  
FUNNY

Over the past year, **JIMMY KIMMEL** has emerged as something like the most sane and rational voice in an increasingly insane and irrational America. When a health scare with his baby son thrust him to the red-hot center of the health-care debate last spring, Kimmel stepped into the previously no-personal-politics zone of his show and articulated a position that wasn't exactly liberal or conservative so much as universally sensible and decent. It was precisely the voice we longed to hear. And in so finding it, Jimmy Kimmel emerged as that rare type we don't see on TV, or anywhere in the country, enough these days: a good old-fashioned grown-up
