MAX ERNST
Dans un coin l'inceste agité
une autour de la virginité d'une petite robe.
Dans un coin le ciel déliré
Aux épaules de l'orange laisse des boules blanches.
Dans un coin plus clair de tous les yeux
On attend les poisons d'angoisse
Dans un coin la voiture de verdure de l'été
Immobile glorieuse et pour toujours.
A la lueur de la jeunesse
Des lampes allumées très tard
La première montre ses seins qui tuent des insectes
1921. - Répétitions.
