GROUND

The landscape always changes. But the shoes? They're your bedrock. Pick a pair that nails the base elements, in a finish you wouldn't want to walk around without.

STELLA MCCARTNEY

Part of the label's glambella collection, known for its iconic chain trim and lengthy roster of A-list fans, this convertible design was made for cool girls on the go. Featuring an optional strap, this three-in-one wonder can be carried as a wallet, clutch or crossbody. Of course we had to get our own stamp on the style: We were reimagined by the city. Only Ours faux-snakeskin print that's both ultra-luxe and everyday-minimal. But you'll have to be quick to get your hands on this limited edition—only 100 will be available at select Bloomingdale's locations or by special order.

STELLA MCCARTNEY
100% faux snakeskin, available online, \$715. For more handbags, visit stella.com.

ALEXANDER WANG

Just when we thought we couldn't be any more obsessed with the label's best-selling Alamy sandal—renowned for its signature notched heel with metal detailing—we had the amazing opportunity to give the day-to-day style a distractingly glamorous spin. After going back and forth with the design team, we landed on this edgy-meets-glam hardware tricked out with silver studs—we love the way the silver hardware shines against sumptuous suede. Only 150 (unusually perfect) pairs are available in select stores and online. Back made made! Size retail, \$195. Designer: David Lauder. 100%
