## CALIFORNIA GRASS

BY ALASTAIR GORDON | PHOTOGRAPHS BY SIMON WATSON | STYLING BY JOCELYNE BEAUDOIN

Big Sur architect Mickey Muennig tamed the elements in his vision for a deluxe, off-the-grid hobbit hole. Maintenance? The owner runs a weed whacker over the roof once in a while

The Cooper Point house has a skylight running spanwise down the center to bring in natural light. A double-sided Cor-Ten steel fireplace splits the earth-hugging 4-inch-by-4-inch ribs of Douglas fir.

Opposite: The skylight and smokestack protrude through the sod roof.
