MASCULINE TOUCH

이런 시몬은 중성적인 메니스이 특이 대세다. 고급스러운 데일리로 기미된 맨스 스타일, 완벽하게 재단된 세팅이 코트만 있거나 하면 어찌지 않다. 여기에 나쁜 남자처럼 무심한 애타워드면 대환다면 대환 나루 없었고. / Photographer Derek Korte of Ruydgv Mackinny

BE POLISHED

Tailored, feminine clothing is so much prettier—and a lot less boring—than that overworked black skirt suit.

PULL IT OFF The ladieslike trend doesn't mean old maid when you combine a modern cut with a traditional fabric. This trend skirt suit feels fresh in a tunic shape, rather than an expected jacket—more Duchess Kate than Queen Elizabeth. To go casual, pair a blouse or blazer with white denim, which looks especially crisp and current set off by the season's confetti-style colors. To dial down the denim, wear a statement necklace, keep the effect refined with jewelry in the same tones as your outfit.

BEAUTY NOTE Brows are the finishing touch for a sophisticated look. Define their shape with the Diorshow Brow Styler Pencil, \$25.

Top, \$295; skirt, \$375; and accessories: head necklace, \$995; Tory Burch White Leaf necklace, \$195; watch, \$450; shoes, \$295; bag, Marc Jacobs, \$1,595

BE A FREE SPIRIT

Update the season without looking costume-y. The tribal trend is all about intricate beading and exotic patterns, but it has mellowed enough that you don't appear over the top.

PULL IT OFF Look for simple, easy silhouettes. A flowy tunic-style dress, for example, that has beading on the bodice lends welcome weight and shape without sacrificing the comfort of the forgiving cut. But beware: beads that aren't seen flat against the fabric or are too large they can still bulk. Make sure your dress shows some skin: Cutouts, a short hemline or a bare back keeps you well out of maximum territory. Wear jewelry that's simple and graphic—or skip it altogether!

Dress, BOGMAA, \$145; top, \$125; headband, \$25; necklace, \$125; watch, \$125; shoes, \$125; bag, \$125; jewelry, \$125; accessories, \$125; Diorshow Brow Styler Pencil, \$25
