SALTY BREEZE

Beneath the skies so vast and blue,
in gentle waves and salty breeze,
a bond so strong, a love that frees.
Mother and daughter, side by side,
their style, their smiles, a timeless ride.

Sourcing all new garments from brands that are actively engaged in the fight against climate change was the focus of this editorial. It also highlighted the inclusion of vintage pieces to encourage the reuse, repurposing and recycling of pre-owned items. This reduces carbon emissions and conserves vital resources such as water and energy.
